About Meera Plylam

Welcome to Meera Plylam, your trusted destination for a comprehensive range of premium building materials and hardware solutions. At Meera Plylam, we are more than just a supplier - we are your partner in crafting spaces that stand the test of time.

Our Vision

Driven by a passion for quality and innovation, we aim to redefine excellence in the construction and design industry. Our vision is to be the go-to source for top-notch plywood, timber, laminates, veneers, doors, and hardware fittings.

Let's Build Together

At Meera Plylam, we believe in the transformative power of quality materials. Let's embark on a journey of building spaces that inspire, endure, and reflect your vision.

Plywood

Brands Available With Us

◦ Micro Gold ◦ Wigwam ◦ Green Ecotech ◦ Century and many more....

Plywood BWR Grade IS 303

Experience the artistry of custom-made furniture for your home and office with Meera Plylam. We understand that each piece, from the first cut of wood to the final finish, deserves meticulous attention to detail. That's why we never compromise on quality or execution throughout the entire process.

Plywood Marine Grade IS 710

710 grade plywood is made using high-quality veneers and undiluted resins, This Quality of plywood can resist water and moisture for long durations and survive extreme weather without delamination.

Block Board Pine IS 1659

The complete range of BWR grade Block Board is made of pure phenol formaldehyde synthetic resin that enables it to resist 108 hours of boiling test. Special two stages resin preparation makes boards spotless and shiny. The Block board is later dipped into CCB solution that makes it property protected from any insect attack. Water proof board can be very successful for any external application or interior uses where water can affect.

Film Faced Shuttering Plywood

It is engineered with durable hardwood veneers bonded with phenol formaldehyde resin with high solid content which is more resistant to alkaline condition generated during cement setting thus making it dimensionally stable hence number of repetitions achieved.

Brands Available With Us -

◦ Micro Gold ◦ Pragati ◦ Hi Tech ◦ Ferro ◦ Loha Tech ◦ Kapisha and many more....

Timber

we take pride in offering a diverse range of premium timber selections to elevate your projects. From the warmth of classic hardwoods to the modern appeal of engineered options, our collection represents the epitome of quality and durability.

Veneers

As connoisseurs of fine surfaces, we bring you a curated selection that transcends the ordinary, transforming spaces into works of art. From classic to contemporary, our diverse range caters to every aesthetic inclination, offering a canvas for your design aspirations.

Brands Available With Us

- Century Laminate
- Merino Laminate
- Royale Touche Laminate

Flush Doors & Door Frames

Flush Doors & Decorative Doors

There are several types of flush doors, each designed to meet specific requirements such as 1. Solid core flush doors 2. Hollow core flush doors 3. Laminated flush doors, 4. Veneer flush doors and many more

Solid PVC Doors & WPC/PVC Doors & Moulded FRP Doors

- Backed by a team of adroit professionals, we are engaged in offering the best in class solid PVC door. Made of the high-grade PVC, which is a durable and rugged material, this door is sure to last for an extended period of time. It is popularly known for its high build quality and impressive appearance.
- With a real-wood feel and durability of PVC, let PVC/WPC door and door frames create a lasting impression for you. Experiment with colors, laminates and wood grain textures to reflect your distinct personality.
- Moulded panel door is so intricately and beautifully designed that it becomes a symbol of craftsmanship in itself. These doors are manufactured in association with the world's largest door component manufacturers.

Doors Frames

As purveyors of premium door frames, we take pride in offering a collection that transcends functionality to become an integral part of your space's aesthetic. Each frame is a testament to our commitment to excellence, combining precision engineering, quality materials, and timeless design.

Fire Retardant Doors :

Fire doors are specialist doors which have been tested against the elements and purpose-built to withstand fires for as long as possible. (2 Hours Fire Rated, IPRITI & CBRI Approved)

MDF & Pre-lam Boards

Interior & Exterior Grade MDF

- Highly versatile and cost-effective interior grade MDF boards that are perfect for a wide range of applications
- Exterior grade range (IS grade I) is the perfect solution for highly humid environments where dimensional stability is non-negotiable.

HDHMR

HDHMR is specifically designed to offer better moisture resistance compared to MDF, HDF, and standard plywood. With its high-density and moisture-resistant properties, it stands out as an ideal choice for damp and high-humidity environments.

Particle Board

Particleboard is a composite panel product consisting of cellulosic particles of various sizes that are bonded together with a synthetic resin or binder under heat and pressure
