## SAFARIS & HUNTING LODGE

## About Us

### Welcome to Trompettersfontein

Our expertise is to create exclusive and unique safaris, professionally assisting you in your most unforgettable hunting experience. Originally a cattle ranch during the 1960's, we are now a prominent name in the gaming and ranching industry. Located in the Ellisras region, Lephalale, in the Limpopo province, close to Thabazambi and the Waterburg area, creating a wildlife oasis making it a prime hunting ground of South Africa. Just 2.5 hrs from Pretoria, off the N1 highway, the lodge is very easy to reach. We have special hunting permissions with other neighbouring ranches our total hunting area extends over 3000 hectares of typical bushveld area. The terrain makes makes excellent rifle hunting and bow hunting grounds. The ranch is a dream created and managed by Marius Moolman, a professional game hunter since 1980. An exceptional tracker with a vast knowledge of the bush and game, he has studied the age-old natural relationship between predator and prey. He has also had the privilege of hunting the Big 5, is a great host and has a sense of humour that will leave you with a longing to return to Trompettersfontein soon.

Our motto 'Conservation Through Sustainable Utilisation' is closely followed. Ours is a self sufficient game ranch with solar energy utilisation, rainwater harvesting and sustainable breeding herds. Though we use the resources available, we make sure never to destroy the integrity of the land. Wastewater is cleaned naturally through oxidization dams. The cleaned water runs back into drainage lines, which ultimately feed underground aquifers, thus creating a full natural water cycle. Fire is a natural part of the ecosystem, control of runaway fires is vital, but correct burning is essential for the long-term health of the natural environment.

# Safarries & Hunting

At Trompettersfontein Safaris we offer two type of Safaris; the **'Photo-safaris'** for the nature lover; and the **'Hunt'** for the more adventurous. There is a wide variety of plains game to see and hunt. Cape eland, Kudus, Impala , Blesbuck ,Gemsbok, Blue Wildebeest, Warthog, Leopard , White Rhino , Cape Buffalo and to name a few. We also have vast range of bird life in the area ranging from Crested Francolin and Swainsons Francolin to Guinea Fowl and Sand Grouse. During your safari you may be lucky enough to see the **Big 5!**

We do customize our safari and hunts to suit our guests. Night safaris can be arranged on request. A typical Daily Program would look something like this:

05:00 Wake-up and tea  
05:30 Depart for morning safari  
08:30 Breakfast out in the bush  
12:30 Return for lunch  
15:00 Leave for afternoon safari  
19:00 Return for sundowners and boma dinner

## Rifle Hunting

The hunting season is from April - September. However at Trompettersfontein Safaris we have an exemption permit that allows you to hunt throughout the year. We pride ourselves on ethical hunting and fair chase methods allowing our guests to experience the actual game of hunter and hunted. Hunt large game at game rich hunting areas and take home record class trophies. Our guests from other parts of the world will be accompanied by a guide / professional hunter for a safe and successful hunt.

## Bow Hunting

We also provide for bow hunters which is most popular with the South African hunters. We make use of tree stands, pit blinds and of course "walk and stalk". Hunting could differ from mountainous areas to flat plains or thick bush depending on what you are after. Whatever the choice may be, we promise you will leave with an unforgettable experience yearning for more.

## Trophys

Our facilities include a cold room and freezer. We will also take great care of your trophies in the initial process of skinning and salting. We can then assist you in getting the best taxidermist for a fee, depending on the animal and type of mount; you could take home a trophy to remember your stay at Trompettersfontein. We will arrange for a fee all permits to allow you to export the trophy out of South Africa.

## Lodging

Return after a hard day's hunting and relax around the campfire. Relive the day's highlights over some sundowners while we prepare an African meal to delight all the senses. We offer you a luxurious, fully catered **Bungalow** with en-suite bathrooms that make for a very comfortable stay for all international hunters. The rooms are fitted with double beds and additional beds are provided for children below the age of 12 years. Our accommodation is accompanied with breakfast, lunch and dinner throughout your stay. Laundry services are provided for all our guests.

Our **tented camps** are for those who want to experience Africa closer to the bone. One tent can house 3 people, bathroom and kitchen is provided as well. The tents are stocked and kitchens well equipped for the convenient use of our guests. It will be our pleasure to serve you in any way possible to make your stay with us most memorable. Your comfort is important to us, so we will get you well rested before another exciting day exploring the African Bush. We present our guests with the opportunity to experience the truly vibrant nature of traditional African hospitality, spoil you with our South African red wines and let you feast on the finest Eland steaks.

**Inclusions:** Accommodation, bottled water, soft drinks, breakfast / lunch / dinner, and laundry service, all safari transport, guide / professional hunter for the day and, pick-up/drop to the OR Tambo International Airport Johannesburg.

**Please note:** South African hunters do not require a professional hunter.
